CERTIFIED POLYSOMNOGRAPHY TECHNICIAN TRAINING PROGRAM

Nithra Institute of Sleep Sciences offers a six month "Certified Polysomnography Technician" program which is an 'on job training model'. Technician has to work with us for six months. We will be offering stipend after 3rd or 4th month once when the candidate starts performing sleep studies without any assistance

ELIGIBILITY: The program is designed for the students who have completed board exams, diploma, allied healthcare professionals, nurses and Respiratory therapist.

COURSE DURATION: 6 Months

COURSE CONTENT

As part of your study, you might cover topics such as the following:

- Hook up - Level 1, 2 & 3
- Monitoring the Studies
- Trouble shooting Signals
- Sleep staging & scoring
- PAP Therapy
- Actigraphy
- In addition, you will also learn theoretical aspects of polysomnography.

CERTIFICATION

At the end of the course, the participant will be provided a certificate based on successful completion of the exam
